

August 16, 2010

Hi Cal,

This is your "Cleveland Connection", John & Laura Maniaci that participated on your Yellowstone & Grand Teton Tours the week of August 14th.

We just could not let too much time pass by without letting you know how much we enjoyed ourselves during both tours. During our trip planning we were quite a bit leery of hooking up with a tour group because we felt it would be dull & boring. We also didn't feel that we would be able to interact or see things that we really would want to see. Boy, did you prove us wrong and make us glad to have decided to tour with Callowishus!

You made us feel comfortable right from the start, kept the tour group size intimate and inviting, allowed time for questions, made us laugh, were very, very informative and hit all the hot spots! What more could we have asked for! You were awesome!

Because of how impressed we were with you, we have communicated to our hotel, Homewood Suites, that you should be on the top of their list for Tour Company referrals. I hope that that establishment will begin to recommend you and that you will obtain some great business referrals soon!

If you ever would like to use us as a referral, please don't hesitate to do so!

We are also going to try and review you & your company on "Trip Advisor" if we can figure out how to do so.

We have included some pictures from our tour time with you that we thought you may enjoy and so that you would remember who we are.

Thanks again Cal for your professionalism and pride that you take in what you do. We wish you only the best in the future, not only with Callowishus, but also with all of your endeavors.

Your friends from Cleveland,
John & Laura Maniaci
