Dear Cal,

As the summer comes to an end we just wanted to say "thank you" for a great season. It was a pleasure doing business with you. You are always so very friendly and helpful and we really appreciate that!

We had so many favorable comments about you and Kevin.

You make our job fun and easy just knowing we are sending our guests off on a day trip that will be one of the most memorable activities they participate in during their stay in Jackson Hole.

Please keep in touch with our desk if you are planning to do any winter tours!
